WHAT MAKES TTI'S TANKS UNIQUE?

WATER CARTAGE TANKS

Tank Sizes:
20 to 17,000 Litres

KEY FEATURES

Extra thick tank wall structure with a load capacity of up to an enormous 1.3 Specific Gravity on all AquaTrans™

Exclusive, specially developed and formulated polyethylene powder incorporating the latest technology

Easy-to-read calibration on side wall of tank for quick measurement of contents (when sight level tube is fitted)

Specifically designed footings to enable easy mounting to any tray surface - mounting pins included.

Factory-fitted outlet with every tank

UV stabilised to withstand the elements; All tanks are cooked to temperature, not time

Suitable for

Potable Water

Molasses

Chemicals

Virtually Any
Other Liquid!

Over 20 years specialising in the manufacture of quality water cartage tanks

TTi has over 20 years specialising in the manufacture of quality water cartage tanks. We do not dilute our focus by producing storage tanks and other roto-moulded products.

Did you know the DNA of every TTI tank is recorded? This combined with rigorous quality checks including ultrasound thickness testing and laboratory impact testing ensures that our clients are getting the very best available tanks on the Australian market, giving you peace of mind. Our unmatched tooling engineering is reflected in every moulded TTI Tank.

What's the Difference?

AquaTrans™ AquaMove™

AquaTrans™

There is nothing much in the way of a rotationally moulded polyethylene water cartage tank that compares with the TTi AquaTrans™ tank range.

A really heavy-duty tank with a 25-year warranty is just part of the deal. The AquaTrans™ is a premium product and is in a league of its own. This is the bees' knees!

AquaMove™

Without any compromise, the AquaMove™ range has been introduced to be a player in the price sensitive end of the market.

With a slightly lighter design than the AquaTrans™ and a 15-year warranty, this is the everyday range.

TANK FRAMES

All spray tanks require a steel mounting support frame to give sump clearance

TT's steel frames are over engineered and hot dip galvanized for long lasting protection.

ReelStrike™

Professional 12v Spot Sprayers
with 30m Reel

The ReelStrike™, a TTi icon sprayer that has proved itself over many years as the most versatile and reliable professional 12v sprayer in our TTi range.

The 30m reel allows you to access those "hard to get to" areas, while the 100psi pump gives you that extra pressure when you need to hit your spray target from a distance.

KEY FEATURES

8.3L/min 100psi Remco 12v pump mounted under pump cover for protection

Fully-drainable tank with a sturdy hot dip galvanised base frame

30m heavy duty poly hose reel with PowerJet spray gun

Pressure regulator and gauge for accurate & controlled spraying

Mechanical-Drive SuperReel™ M-Series Weed Sprayer

SuperReel™

M-SERIES

MECHANICAL-DRIVE SPRAY UNIT

YOU ASKED, WE LISTENED...

The most powerful, easy-to-use, and easy-to-service mechanical-drive twin reel sprayer on the market.

Meet the new benchmark in weed-spraying... TTi's M-Series.

M-SERIES™

Mechanical-Drive Spray Unit

ENQUIRE
TODAY!

KEY FEATURES

Ergonomic & Easy to Service

Designed for operator comfort, safety and easy maintenance. Everything right where you can access it.

Honda Engine & Bertolini Pump

Honda GX270 engine coupled to a high-performance Bertolini 580psi pump for ultimate performance & reliability.

Mechanical-Drive Twin Reels

Virtually unstoppable rewind power, with up to 250m of anti-kink nylon hose & Turbo400 adjustable spray guns.

HawkLine™ Remote Control System

TTi's Next-Gen, long-range remote control for engine start/stop, reel rewind & valve activation.

Integrated Flush System

Isolates the chemical in the tank & allows fresh water to be drawn & flushed through your pump and lines.

TrailProTM

ATV/UTV Spray Trailer

The hitch and go convenience of the TrailProTM trailed sprayers for ATV/UTV's, gives you the versatility of reel spraying and boom spraying from the one unit!

The 200L or 400L TrailProTM trailer is fitted with the Honda GX200 motor, coupled to the renowned Bertolini Italian pump, so its genuine, powerful, and reliable pump and motor combination. The Standard trailer is fitted with a 8.3 L/min 100psi 12v pump which is mounted underneath a protected pump cover. Simply hitch up to your ATV or UTV and get your spraying jobs done with ease!

TrailPro™

ATV/UTV 12v Spray Trailer

The hitch and go convenience of the TrailPro 12v ATV boom spray trailer is second to none. Quiet yet powerful, the 12v TrailPro is a true pleasure to use and operate.

Compact, tough, economical, the 12v TrailPro makes for safe spraying, and gives the operator the versatility of reel spraying and boom spraying from the one unit.

SPRAY ACCESSORIES - SPRAY BOOMS

For Firebreaks, Rough Country Spraying & Locust Control

Brass Boomless Nozzle Kits

Ideal for Blanket Spraying

FEATURES

- ◆ 4 sizes to choose from
- ◆ Use with ATV, 3PL or ute sprayers
- ◆ Can be used as 180° swath or 90° swath by swapping nozzle plates
- ◆ Ideal for rough country spraying & locust control
- ◆ Optimum mounting height between 0.5m & 1.0m above ground

AIXR TECHNOLOGIES
TeeJet®

Flat Spray Tips

110° wide, tapered flat spray angle with air induction technology offers better drift management

Made of a **two piece UHMWPE polymer construction with VisiFlo®** colour-coding. UHMWPE provides excellent chemical resistance, including acids, exceptional wear life

Depending on the chemical, produces large air-filled drops through a **Venturi air aspirator**

Available in **seven tip capacities** with a wide operating pressure range: **15–90 PSI** (1–6 bar)

VISIFLO

Air Induction

Angle Flat Spray Tips

Tapered edge wide angle flat spray pattern for uniform coverage in broadcast spraying Large, **rounded internal passage** to minimize clogging

Excellent **resistance to corrosive solutions**

Superior wear characteristics

Larger droplets for less drift; **15–90 PSI** (1–6 bar)

Applications

Herbicides, fungicides and insecticides

TURBO

2, 4 - D Compliant

Twin Flat Spray Tips

110° wide angle, air induction, **tapered flat spray tip pattern** based on the **patented outlet orifice design** of the original **Turbo TeeJet® nozzle**

Patented orifice design provides large, round passages to minimize plugging.

Depending on the chemical, produces large air-filled drops through a **Venturi air aspirator** resulting in less drift

Applications

Herbicides, fungicides and insecticides

DIESEL

REFUELING EQUIPMENT

DieselSergeant™

Low-Profile Diesel Refueling Units

The Reason to Say GoodBye to Jerry Cans!

The low-profile, compact DieselSergeant™ is a simple yet effective diesel refueling tank. The pump is mounted on a sturdy 'squat' tank, with a large lid for easy access to the tank.

Pin-mounting provisions make it easy to secure to tank for safe transportation.

KEY FEATURES

Reliable 40L/min Transfer40™ Pump with integrated Bypass

Auto Shut-off Nozzle Prevents Overfilling and Fuel Wastage

4 Metres of Delivery Hose

Lockable Filler Cap for Security

Fits Where Others Don't!

Low Profile, Space Saver Design

“

I can say that their 1000L slip on units are fantastic, and that the two we bought this year were instrumental in saving our farms and a neighbour's house in the Yeppoon / Cobraball bushfires. When I ordered our second unit I considered it as cheap insurance!

AQUAPATH™ TESTIMONIALS

“ Highly recommend one of these TTi AquaPath™ units to anyone in the civil industry.”

Peter Atkinson

Bulldog Earthmoving
Civil Contractor

“ Very easy to take off the truck for something else if we're not using the tank. We've got six AquaPath™ units across the company. They're very versatile, easy to fill-up and make it a lot easier on site.

Michael Hanly

ACE Contractors Group Civil and Landscaping

“ Highly recommend TTi, I couldn't recommend them any more, they always have the after sales service, and will hand deliver the unit! You can't ask for any better service!

Neil and Gareth

Regal Innovations Civil and Landscaping

OUR PEOPLE

OUR STAFF - OUR KEY!

At TTI we believe that anyone can copy the products we manufacture, the marketing we produce, the facilities we have, but nobody can copy the people that make the company what it is.

Our people and their families mean everything to us and always will.
